

AM Best Mobile App

The AM Best Mobile App lets you:

-  Review credit ratings or performance assessments, management teams, key financial indicators and market coverage both geographically and by line.*
-  Monitor the financial strength and creditworthiness of insurance companies and keep up with recent activities.
-  Access Best's Credit Ratings to review the acceptability and credibility of insurance providers.
-  Stay up to date and gain AM Best's perspective on current trends affecting the insurance industry.

(Some company information is available only to select AM Best product subscribers.)

The AM Best Mobile App helps consumers and professionals make more informed personal and business decisions by providing ratings, research, news, financial data and other insurer information. Available for iPad, iPhone and Android phones, the app provides complimentary access to the latest Best's Credit Ratings, Best's Performance Assessments, and news and research headlines. Select AM Best product subscribers also benefit from exclusive access to additional company information.
