BEST'S CREDIT RATING PROCESS

Our interactive credit rating process is a transparent, in-depth interaction between the rated organization and AM Best analytic teams.

BCRs determined and updated through a rating committee process. This approach ensures rating consistency and maintains the integrity of the rating process.

The process includes a comprehensive analysis of balance sheet strength, operating performance, business profile and enterprise risk management.

The foundational building blocks of Best's Credit Rating Methodology (BCRM) rating approach are outlined below.

BEST'S CREDIT RATING PROCESS

The initial Best credit rating timeline from signed contract to ratings completion is typically about eight to twelve weeks.

1

Compile Information

The assigned analyst collects public and proprietary financial information and data to develop a tailored meeting agenda.

2

Perform Analysis

3
