BEST'S CREDIT RATING PROCESS

The duration from signed contract to ratings announcement is about eight to twelve weeks.

1 Rating Engagement and Contract

Once a contract is signed and returned and the fee paid, the company is assigned a rating analyst, and the interactive rating process commences.

2 Meet with Company Management

The analytical team develops a tailored meeting [agenda](#) and meets with company management to discuss the organization's operations, strategy, risk management and financial condition, incorporating a host of quantitative and qualitative measures to evaluate financial strength.

3 Compile Information and Perform Analysis

The assigned analytical team collects public and proprietary financial information and data to develop a rating recommendation for the rating committee.

4 Determine Best's Credit Rating

The AM Best rating committee ensures rating consistency and maintains the integrity of the rating process and methodology.

5 Disseminate Best's Credit Rating

If the initial Best's Credit Rating is accepted, it is distributed via the AM Best website, press releases and publications. The company can choose to keep the rating private. Private BCRs are disseminated to the rated entity only.

6 Monitor Best's Credit Rating

AM Best regularly monitors the rating by continually analyzing the organization's creditworthiness.
