A.M. BEST RATING SERVICES, INC.

The definitions of default and impairment changed as of January 2019.

Definition of Default

AM Best maintains a general impairment database and historical rating records from which long-term impairment rate studies are performed annually aimed at estimating the relative default risk (i.e., impairment) of insurers that have had interactive Best's Financial Strength Ratings (FSR) and Best's Issuer Credit Ratings (ICR).

AM Best, along with credit markets in general, deems a non-insurer issuer default as having occurred when an issuer misses interest or principal payments on its obligations, restructures its debt in a way that is deleterious to investors, or files for bankruptcy.

For the purposes of presenting credit ratings performance measurement statistics consisting of credit rating transition and default rates "Form NRSRO: Exhibit 1 Rating Performance Measurement Statistics"(Exhibit 1), AM Best classifies an entity as in default if the entity was assigned any of the following non-rating designation symbols: ("d"); ("e" or "E"); or ("f" or "F").

Definition of Impairment

Upon the public placement of a company, via public court order or other international equivalent, into conservation, rehabilitation and/or insolvent liquidation it is designated by AM Best as a Financially Impaired Company (FIC). Supervisory actions undertaken by Insurance Department regulators without court order are not considered impairments for purposes of compiling Exhibit 1 statistics unless clear direction is given by the regulator to delay or limit policy or contract payments.

There are a number of regulatory oversight actions that may be taken with respect to troubled insurers in which court orders are not sought, such as required company action plans, various forms and levels of supervision, and licensure actions. Companies may be subject to these insurance department orders and actions on multiple occasions, particularly in certain jurisdictions, and while these regulatory actions suggest concern and impose constraints, they are not necessarily indicative of an insurer's inability to meet its ongoing policy and contract obligations.

Additionally, companies that enter voluntary dissolution and are not under financial duress at that time are not counted as financially impaired.

Credit Rating Histories

The credit rating histories required to be disclosed pursuant to 17 CFR 17g-7(b) are located at www.ambest.com/nrsro/.
