

BEST'S REVIEW® Issues & Answers

<http://www.ambest.com/adv/bria.html>

Issues & Answers are special advertising sections published in the online and print editions of *Best's Review*. Reach our readers with a topic-driven executive interview conducted by a *Best's Review* editor and additional company exposure with a full-page advertisement. You have the option to come to our video production studio¹ or participate remotely via video conference.

Publication Date	Topics	Description
January	Innovative Products & Services	How insurers, reinsurers, technologists and consultants are bringing best practices, new technologies and strategies to help insurers and brokers meet rising expectations of businesses and consumers.
	Reinventing Claims	Insurers, MGAs and brokers are exploring new ways to become more effective and reduce costs for one of insurance's most savings-resistant functions—claims.
February	Cyber	Insurers, technology providers and support services explain how they are learning to better identify and target cyber risk, protecting businesses and the public from catastrophic loss.
March	Excess & Surplus Lines	Insurers, reinsurers, technology and service providers explain how they are supporting and developing specialized coverages that match the unique needs of their risk.
	Broker Initiatives	Insurance distributors, including brokers, MGAs and agencies, are driving a large portion of the innovation and coverage developments that are reshaping the insurance industry. Reinsurers, insurers, technology and service providers explain how they are supporting the growth and innovative activities of today's distribution professionals.
April	Data & AI	Insurers, reinsurers, brokers, tech providers and consultants explain how they are helping to convert data into knowledge and actionable information.
May	ESG	Insurers, reinsurers, technology providers and consultants explain how they help insurance organizations better assess and implement strategies to meet regulatory and societal expectations for environmental, social and governance issues.
	Recruitment	Recruiters, insurance and reinsurance companies and educational organizations explain how they are helping meet the talent needs of the fast-changing global insurance industry.
June	Asset Management	Asset managers and related services explain how they are helping insurers to meet their management, growth and compliance needs.
July	Specialty Coverage	Insurers, reinsurers, technology and service providers examine new strategies that help to create highly focused products to meet new and increasingly specialized risk needs.
August	Captive Services & Domiciles	Captive insurance is finding increasing favor as a coverage option for the risk needs of large and medium-sized organizations. Sponsoring a captive requires subject matter expertise, strong partnerships with insurers and reinsurers and the foresight to select an appropriate domicile.
	Reinsurance	Reinsurers, reinsurance intermediaries, technologists, financial and legal services providers explain their role in supporting the risk needs of organizations.
September	Mutuals	Reinsurers, insurers, technology providers and consultants explain how they help meet the risk needs of one of the oldest and most enduring forms of insurance.
	Insurtech	Technologists, insurers, reinsurers and service providers explain how they support the capital, risk and structural needs of startups, growth companies and established insurers meeting the challenge of the insurtech movement.
	Surplus Lines	Insurers, reinsurers, technology and service providers explain why surplus lines remains the most dynamic and responsive sector of the property/casualty industry and how they support innovation in an increasingly specialized risk environment.
October	Customer Experience	Technologists, service providers, reinsurers and insurers explain how insurers are moving closer to creating seamless, secure and responsive customer interactions across all channels.
	Auto Insurance Partnerships	Reinsurers, insurers and technology and service providers explain how they are working with automobile manufacturers and distributors to make driving safer and selling cars and related coverages more effective and profitable.
November	Workers' Comp	Reinsurers, insurers, technology and service providers and legal organizations explain how they are supporting the risk needs of the third-largest sector of property/casualty insurers.
December	Accounting & Actuarial Services	Accounting and actuarial services, technology and other service providers explain how they are helping insurers and reinsurers better understand and operate their businesses, meet regulatory needs and develop innovative products and services.
