

Best's Alert Service

Agents and brokers: Get immediate notification of changes to ratings, key financial data and other company information for insurers whose products you recommend and compete with, using our new subscription level.

-  Take prompt action with real-time alerts after new rating actions or when key financial indicators change significantly.
-  Validate current ratings and other insurer information, like financial size category and key financial indicators.
-  Support your reputation when assisting clients in choosing insurance companies, with the latest credit ratings and an extensive history of rating events and corporate changes.
-  Track major corporate events and find surviving insurers after business status changes (ceased operations, dissolved, in liquidation, license revoked, etc.), company name changes, portfolio transfers, mergers, domiciliary updates and other events, with an extensive database of corporate changes dating back to 1819.
-  Minimize liability and keep a record of changes in insurer financial strength.
-  Stay up to date with rate, rule and form filings approved in the last six months for US P/C policies.
-  Inform and educate customers on the financial performance of carriers providing insurance coverage.

The screenshot displays the AM Best Alert Service interface. On the left, there's a 'Company Information' section for 'Sample Mutual Insurance Company' with details like AMB #, NAIC #, FEIN, and contact info. Below this are charts for 'Financial Strength Rating' and 'Company Attributes'. The main area features a 'Corporate Changes' table with columns for Event Type, Date, Name Change, AMB#, Company Name, and Surviving Company Name. A 'Company Specific News Articles' section is also visible. On the right, a mobile app interface shows the same information in a simplified, mobile-optimized format, including a 'Sample Insurance Company' header, location, and a 'Financial Strength Rating (FSR)' section showing an 'A+' rating.
