

Best's Financial Suite

P/C, US

Power your insurance industry research with quality data, insurer credit ratings and analytical tools from AM Best. As the only global credit rating agency focused solely on insurance, we offer insight that supports sophisticated analysis.

- Examine the details behind insurers' Best's Credit Ratings and performance ratios.
- Perform credit risk analysis, strategic and financial planning on a historical basis with the same reports, data and performance ratios used by AM Best's analysts during the rating process.
- Benchmark insurers against peers, industry composites or the total industry.
- Understand corporate structures across industries; research corporate changes, mergers, acquisitions and more.
- Analyze and monitor the performance of the industry or particular segments.
- Monitor trends in underwriting experience.
- Evaluate the sources of profits and trends in profitability measures.
- Measure a company's ability to meet its anticipated short- and long-term obligations to policyholders and other creditors.
- Analyze an insurer's financial leverage in conjunction with its operating leverage to assess its overall capitalization.
- Gain a more meaningful perspective on group performance over time by comparing consolidated data under the current versus prior group structure.

The screenshot displays the 'My Alerts' and 'Watch List' sections of the Best's Financial Suite. It includes a table for 'Fear Analysis - Property-Casualty Companies' with columns for AMB#, NAIC#, Company Name, Direct Premiums Written, Rank, Reinsurance Premiums Assumed - Total, Rank, Reinsurance Premiums Ceded - Total, Rank, Net Premiums Written, Rank, Net Operating Income, Rank, and Net Income. A pie chart titled 'Top States of Business (\$000)' shows the distribution of 2023 Direct Premiums Written by state: Maryland (67.9%), Delaware (23.0%), Virginia (7.6%), District of Columbia (0.9%), and South Carolina (0.6%). A 3D bar chart titled 'Bonds as Percentage of Total Bonds' compares the composition of bonds for 2023, 2022, and 2021. A line chart titled '10-Year Policyholders Surplus Change with Adjustments' tracks the surplus from 2014 to 2023, distinguishing between 'Adjusted' and 'Original' values.

Up to 11 Years of Annual and Six Years of Quarterly Data

- Annual and quarterly regulatory filing data (statutory as filed with the NAIC, GAAP and IFRS) for US P/C single companies, title companies and holding companies, consolidated as filed, and AM Best groups.
- “As-Is” and “As-Was” data: Group data is restructured to reflect current structure and ownership, but we also provide data as originally filed to analyze both angles and evaluate business growth.
- Market share: Find major players in P/C lines by region, sector and line of business; examine underwriting performance and track trends.
- Loss reserves: Determine whether an insurer’s loss reserves are appropriate by line of business (Schedule P).
- Expenses: Uncover the true costs of providing insurance by analyzing expenses in individual and combined lines of business.
- Reinsurance: Evaluate the risk-sharing arrangements between insurers and reinsurers (Schedule F).
- Industry composites of aggregated results for the total industry and predominating categories.

Reporting Capabilities

Ready-to-use templates with standard reports are available, along with wizards to create custom reports using the fields of your choice or to create or download statement pages in Excel® or PDF.
